CAUGHT AT DEPARTURE

Representing herself to be the wife of G. H. Thomas, editor of the Friday Evening Call, a woman at Monessen succeeded in buying some jewelry at a store at Monessen, and was forced to give up her purchases at the railroad station when it was learned she was an imposter. She had given a personal check for the goods which was accepted. Later the jeweler became suspicious and telephoned Mr. Thomas, where he learned of the deception. It transpired that the woman had tried to purchase goods at various other stores, on the tender of a check, which was refused. She was allowed to depart after giving up the goods.

PALACE TO SHOW BY PICTURE STORY OF EGYPTIAN QUEEN

Manager R. L. Barnhart of the Palace Theatre has secured for tonight one of the greatest features ever presented by any company. This is "Cleopatra," which tells the story of Egypt's most beautiful and cruel queen, as adapted from Shakespeare's "Antony and Cleopatra." The films are produced in natural colors by Pathe, the celebrated picture house of Paris, in the most wonderful and amazing manner. There has been a lively contest for this film, and Manager Barnhart is among the first to secure it.

In addition to this feature will be others, including illustrated songs by Thomas Peyton, the popular tenor, and Miss Laura Lahew. Two of these that made a hit this week were "Play That Lovey Dove Waltz Some More," and "The Scenes of Yesterday."

Season in the Church
League.

HITS AT PROPER TIME

The Episcopalians ran away with the game with the Washington Avenue Presbyterians last night shutting them out by the score of 5 to 0.

The Episcopalians with Briggs in the box made everything count and played a good game. In the second they got two when Grover got hit by the pitcher, and through Briggs's two baser and a couple of errors. The fellows from Lincoln and Sixth just for luck got three more in the fifth, when Briggs was safe on an error, Gouzzie singled and Kunh beat the tar off the ball for a homer.

The W. A.'s had but two chances, slim ones to score, one in the fifth and one in the sixth. Both times, men were caught in plenty of time.

FORMER RESIDENT DIES AT HOSPITAL AFTER OPERATION

James N. Moore of Millsboro
Was Member of Char-
leroi Elks Lodge.

FUNERAL TO BE ON FRIDAY

Following an operation at St. Francis Hospital, Pittsburg, James N. Moore, 62 years old, of Millsboro, died yesterday morning at 11 o'clock. Mr. Moore, who was formerly a resident of Charleroi was a Millsboro hotel proprietor, and a well known valley man. The funeral will be held on Friday afternoon at 2 o'clock, from the late home and the services will likely be attended by a delegation of members of the Charleroi Lodge, 494 B. P. O. E. with which body the deceased was identified. His widow and two children, Ray and Miss Clara, the latter a school teacher of Donora, survive.

Mr. Moore lived in Charleroi for a few years, going from here to Millsboro, about six years ago, where he purchased a hotel. He has since been in business there.

MEMBERS OF LUTHER LEAGUE FAIL TO SEE ANYTHING OF COMET

Members of the Luther League of Christ Lutheran church, last night held a business session and a comet party. The business session was held at the church, at which time reports from the convention last week of the Central Luther league at Pittsburg were made. After adjournment, the members of the league went to a point of vantage on the hill to watch the earth pass through the comet's tail. The party watched for a long time, but failed to see anything of the heavenly voyager.

WEATHER INTERFERES WITH THE OPENING OF ELDORA PARK

Comparatively cool weather greeted the opening of Eldora Park yesterday and last evening, but in spite of that fact, there was a good sized crowd present. The dancing pavilion in the evening claimed the most attention, although the other amusements were much patronized. The new bamboo slide proved a pleasing innovation, and promises to be one of the most popular amusements at the park this summer.

Charley Brown and his wife Mamie, colored, were each fined \$2.85 by Burgess Risbeck, this morning as the result of "comet" celebration last night at their home. They had some visitors and talk led around to the comet, and Mamie told them they would have to quit their lying when that comet came. This is said to have caused a fight, which ended in the arrest of both.

MOTHER EARTH UNINJURED

Comet disciples were out in force last night in various parts of the town, expecting to observe the effect when the earth swindled through the tail of the astral wanderer, but on a whole all were doomed to disappointment. There was no perceptible change, and no change in the atmosphere was to be observed. Some people were dubious as to the probable result of the tail's encounter with Mother Earth, but their fears were in vain, and the danger heralded by some astronomers and others passed into nothingness. According to the most prominent scientists the comet's tail interview the earth at about 11:30 o'clock, and departed a few hours later.

Business Men Want to Keep
Stores Open in Evenings
till 8 o'clock.

VISITING DELEGATES HERE

Monessen Local Sends Number
Over to Attend Meeting Mak-
ing Progress There.

With a view of reaching an agreement whereby the stores of Charleroi could be kept open evenings until 8 o'clock, a number of the business men and merchants held a conference with members of the Charleroi Retail Clerks union last night, but nothing definite was accomplished. The merchants desired to be granted permission to keep open their stores later in the evenings, but did not ask the clerks to work any longer hours.

It was stated by some of the merchants that the present closing hours, 6 o'clock on every evening except Monday and Saturday, were detrimental to the business, and their sales were materially reduced.

A delegation was present at the conference from the Monessen Retail Clerks, and they showed a list of the business men of that place who had agreed to the earlier closing hours proposed. It was stated that merchants in Monongahela and Belle Vernon had agreed to close early, and it was explained that there would be no competition. With this understanding the meeting was adjourned, without any action being taken.

FUNERAL HELD THIS MORNING FROM THE HOME

The funeral of August Kirschner, who committed suicide Monday evening, was held from his late home on Lincoln avenue, this morning at 8 o'clock, the services being conducted by Rev. C. E. Frantz. Interment was in Charleroi cemetery. Coroner James T. Heffran has not set a time yet for the holding of an inquest.

ANDERSON NOT GUILTY OF THE MURDER OF CLARK

Thomas Anderson, charged with killing George Clark at Bulger, on the evening of March 27, was found not guilty at the county court yesterday and discharged from custody. The jury evidently took the theory of the defense that the shooting of Clark was done by Anderson after he had been shot at twice by Clark, and when he feared for his own life. The affair was the result of a quarrel in which Clark was said to have begun the shooting.

William England went to Brownsville this morning, where he will make his future home.

Why Don't They Rule?

Those newspapers that are trying
to create discord and factions within
the Republican party by asserting that
Pennsylvania is in the hands of
corrupt political bosses, are utterly at
variance with actual facts and condi-
tions. Five years ago the claim
might have been made with some
degree of truth, when party nomina-
tions were dictated by politicians and
the voters had no voice in naming
candidates for office. With the passage

of the uniform primary law all this
has been changed. Every voter in
any part of the State has the right
and privilege to express his pref-
erence at the polls for candidates
for party office, and politicians can
no longer hand out offices for personal
rewards and services. This has pro-
duced a marked change for the better,
as evidenced by the era of good feel-
ing and confidence of the people
generally in the efficiency and integ-
rity of our State administration.
All talk about the people not
ruling in Pennsylvania is bosh. If
they don't, why don't they? Who is
preventing them? Is there a Ku
Klux Klan to intimidate voters and
keep them away from the polls? Does
not the uniform primary law give any
citizen the right to announce
for any office as well as the right to
cast his ballot for whom he chooses?
Are the primary elections, which are
conducted by law, a farce and
orgie, as asserted in some quarters?
Let those who are prone to believe
such statements find their answer in
their own elections right at home.
As they are conducted, so are the
others. If there is any unlawful
proceedings in any precinct, the good
people are to blame. There is ample
legal recourse against any such illegal
proceedings, and the people have it
within their own hands to the fullest
possible extent to absolutely control
all political action in this State.

Up To The Consumer.

Modern economics may be illustrat-
ed by the old-time print, representing
a king, a bishop, a soldier, and a
laborer. Underneath each were the
respective inscriptions, "I govern
all; I pray for all; I fight for all; I
pay for all." Thus it is with the
consumer. Every advance in wages
or in the selling price of a manufactur-
ed or farm product falls with uner-
ring and deadly accuracy upon the
consumer.

One of the recent indexes of
general prosperity that has been
prominently acclaimed has been the
increase in wages to employees by the
most of the great railway systems of
the country. The Pennsylvania, the
Baltimore and Ohio, the New York

Central and the other great systems
as well as those operating in this
section, have granted advances in
wages to their men, which in itself
was a good action did it stop there.
But along with the advance come
notice of an advance in freight rates,
which will affect all consumers, those
who did not get an advance in pay, as
well as those who did.

In New York at a meeting of the
National Association of Manufac-
turers, action has been taken to file a
protest against an increase in freight
rates as proposed by the Trunk Line
Association. By the time the trunk
lines and all the small roads get in
their advance in rates to cover the
raise in wages, which will increase
freight rates on raw materials to
manufacturers and on the finished
products back again to the whole-
salers and retailers, the consumer will
be caught both going and coming.

Children's Outing.

With all arrangements completed,
nothing but the weather can well in-
tervene to make the annual school
picnic anything but the success that
has heretofore attended this most
pleasant public feature. A fair day
and the attention of the school board,
the teachers and the citizens insures
an outing that means much for the
little ones to whom the pleasurable
thrill of the occasion is a leading
event. What is good about this
outing is that all citizens and school
patrons can participate. All who can
are urged to join in the affair, and
take a day of pleasure in the open.
The pure air, the green grass and
leafy trees will do much to renew the
waste of every day plugging at
home, and the annual school outing
may be a family and neighborly
affair as well.

ELECTRIC SPARKS

One of the joys of the baseball

She Wrote a Postcard.

She was a country maiden, strange
to the world's big show, but she
wanted to see its glitter and so to the
beach did go; she had never seen the
ocean, so the first glimpse that she
had, she hurried and bought a postcard
and wrote this to her dad:
"Dear Dad," she said, "I'm here at
last, and I've looked far out to sea
and there's lots of grand, fine build-
ings, but they don't appeal to me.
There's an awful lot of people--and a
man said, "Oh, you kid; and he smiled
and asked me to dinner, now really,
Dad he did. The stores here, too,
are dandy, and I looked in the window
of one, where a girl was using Chi-
Namel to show how a floor was
done." We will show you at our

make an old dirt stained or painted
floor look and wear like new at a
cost of not over 2c per sq. foot.

If you have grown tired of the resort you have visited for years, you may make a selection from this book for a stay of a day, a week, a month, or the whole summer.

You may plot out an extended tour covering mountain and seashore, or a fishing trip, or a hunting jaunt, by rail or boat or a combination of both.

Any ticket Agent on the Pennsylvania Railroad will be glad to furnish a copy of this valuable book for Ten Cents, or it will be mailed you postpaid, on receipt of Twenty-five Cents, by Geo. W. Boyd, General Passenger Agent, Philadelphia, Pa.

TUBERCULOSIS TREATMENT vs. TUBERCULOSIS CURE

There is a vast difference between a
treatment and a CURE. Sanatorium, Diet-
etic and Hygienic treatment are beneficial
in a way. They bolster up. But oft-
times they do not remove the infection
which is the cause of the disease. The
disease has really been smothered, and soon gains
by itself. It is a dangerous mistake to
suppose that the disease has been cured. The
disease is only delayed, and the result is eventually the total
destruction of the lungs.

Consumptives first think of sanatoria
when seeking a cure. In the public mind
also that seems to be the one method. Yet
how many people do you know who have
been permanently cured by Sanatorium
treatment? Studies seem to fail to
show that on this point. Medicine as a
cure for Tuberculosis is frequently derided
by physicians and consumptives them-
selves, but when the makers of Eckman's
Alternative can produce irrefutable testi-
mony, it is and it always has been those who
have been cured, few reasonable, broad-
minded consumptives will refuse to listen
to the head of health and happiness
that is made by Eckman's Alternative.

Everyone is, that if your present treat-
ment is not curing you, is it effective?
No. The disease must be eradicated en-
tirely.

Find out what Eckman's Alternative may
do for you. Write for you to clergymen,
priests, nuns—God's ministers to the sick—
whose word could not be bought for any
money.

Eckman's Alternative has cured many
cases of tuberculosis that Sanatoria had
pronounced absolutely incurable. Could
more be said?

Eckman's Alternative is good for all
Throat and Lung troubles, and is on sale
in Charleroi by W. F. Hennings and

Sardou's Quip.

"Victorien Sardou hated shams," said a New York theatrical manager. "If you tried to impose on him he would call you down."

"At the Ambien during a rehearsal he said he doubted an actor's statement that he had given forty hours of study to his lines."

"You don't me?" said the actor hotly. "I assure you, M. Sardou, I have never lied but twice in my life."

"Sardou smiled dryly. 'Then this makes thrice, eh?' said he."

Charleroi People Should Not Wait Until It Is Too Late

The appalling death rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. These light symptoms give place to chronic disorders and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's disease, gravel or some other serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they cure where others fail. Over one hundred thousand people have recommended them. Here's a case at home:

Mrs. Erice Ray, 121 Prospect avenue, Charleroi, Pa., says: "I can speak as highly of Doan's Kidney Pills at the present time as when I publicly recommended it in 1907. At that time I told of the great benefit a member of my family had received from the use of this remedy procured at Piper Bros', Drug Store. On several occasions since then, the person referred to has taken this remedy with the best of results."

Season in the Church
League.

HITS AT PROPER TIME

The Episcopalians ran away with the game with the Washington Avenue Presbyterians last night shutting them out by the score of 5 to 0.

The Episcopalians with Briggs in the box made everything count and played a good game. In the second they got two when Grover got hit by the pitcher, and through Briggs' two baser and a couple of errors. The fellows from Lincoln and Sixth just for luck got three more in the fifth, when Briggs was safe on an error. Gouzzie singled and Kuhn beat the tar off the ball for a homer.

The W. A.'s had but two chances, slim ones to score, one in the fifth and one in the sixth. Both times, men were caught in plenty of time.

FORMER RESIDENT DIES AT HOSPITAL AFTER OPERATION

James N. Moore of Millsboro
Was Member of Charleroi Elks Lodge.

FUNERAL TO BE ON FRIDAY

Following an operation at St. Francis Hospital, Pittsburg, James N. Moore, 62 years old, of Millsboro, died yesterday morning at 11 o'clock. Mr. Moore, who was formerly a resident of Charleroi was a Millsboro hotel proprietor, and a well known valley man. The funeral will be held on Friday afternoon at 2 o'clock, from the late home and the services will likely be attended by a delegation of members of the Charleroi Lodge, 494 B. P. O. E. with which body the deceased was identified. His widow and two children, Ray and Miss Clara, the latter a school teacher of Donora, survive.

Mr. Moore lived in Charleroi for a few years, going from here to Millsboro, about six years ago, where he purchased a hotel. He has since been in business there.

MEMBERS OF LUTHER LEAGUE FAIL TO SEE ANYTHING OF COMET

Members of the Luther League of Christ Lutheran church, last night held a business session and a comet party. The business session was held at the church, at which time reports from the convention last week of the Central Luther league at Pittsburg were made. After adjournment, the members of the league went to a point of vantage on the hill to watch the earth pass through the comet's tail. The party watched for a long time, but failed to see anything of the heavenly voyager.

WEATHER INTERFERES WITH THE OPENING OF ELDORA PARK

Comparatively cool weather greeted the opening of Eldora Park yesterday and last evening, but in spite of that fact, there was a good sized crowd present. The dancing pavilion in the evening claimed the most attention, although the other amusements were much patronized. The new bamboo slide proved a pleasing innovation, and promises to be one of the most popular amusements at the park this summer.

Charley Brown and his wife Mamie, colored, were each fined \$2.85 by Burgess District Court this morning as the result of "comet" celebration last night at their home. They had some visitors and talk led around to the comet, and Mamie told them they would have to quit their lying when that comet came. This is said to have caused a fight, which ended in the arrest of both.

COMET NOT TO BE SEEN

Many Charleroi People Disappointed that Effect is Unnoticeable.

MOTHER EARTH UNINJURED

Comet disciples were out in force last night in various parts of the town, expecting to observe the effect when the earth swindled through the tail of the astral wanderer, but on a whole all were doomed to disappointment. There was no perceptible change, and no change in the atmosphere was to be observed. Some people were dubious as to the probable result of the tail's encounter with Mother Earth, but their fears were in vain, and the danger heralded by some astronomers and others passed into nothingness. According to the most prominent scientists the comet's tail interview the earth at about 11:30 o'clock, and departed a few hours later.

Business Men Want to Keep
Stores Open in Evenings
till 8 o'clock.

VISITING DELEGATES HERE

Monessen Local Sends Number
Over to Attend Meeting Making Progress There.

With a view of reaching an agreement whereby the stores of Charleroi could be kept open evenings until 8 o'clock, a number of the business men and merchants held a conference with members of the Charleroi Retail Clerks union last night, but nothing definite was accomplished. The merchants desired to be granted permission to keep open their stores later in the evenings, but did not ask the clerks to work any longer hours.

It was stated by some of the merchants that the present closing hours, 6 o'clock on every evening except Monday and Saturday, were detrimental to the business, and their sales were materially reduced.

A delegation was present at the conference from the Monessen Retail Clerks, and they showed a list of the business men of that place who had agreed to the earlier closing hours proposed. It was stated that merchants in Monongahela and Belle Vernon had agreed to close early, and it was explained that there would be no competition. With this understanding the meeting was adjourned, without any action being taken.

FUNERAL HELD THIS MORNING FROM THE HOME

The funeral of August Kirschner, who committed suicide Monday evening, was held from his late home on Lincoln avenue, this morning at 8 o'clock, the services being conducted by Rev. C. E. Frontz. Interment was in Charleroi cemetery. Coroner James T. Heffran has not set a time yet for the holding of an inquest.

ANDERSON NOT GUILTY OF THE MURDER OF CLARK

Thomas Anderson, charged with killing George Clark at Bulger, on the evening of March 27, was found not guilty at the county court yesterday and discharged from custody. The jury evidently took the theory of the defense that the shooting of Clark was done by Anderson after he had been shot at twice by Clark, and when he feared for his own life. The affair was the result of a quarrel in which Clark was said to have begun the shooting.

William England went to Brownsville this morning, where he will make his future home.

Why Don't They Rule?

Those newspapers that are trying to create discord and factions within the Republican party by asserting that Pennsylvania is in the hands of corrupt political bosses, are utterly at variance with actual facts and conditions. Five years ago the claim might have been made with some degree of truth, when party nominations were dictated by politicians and the voters had no voice in naming candidates for office. With the passage

of the uniform primary law all this has been changed. Every voter in any part of the State has the right and privilege to express his preference at the polls for candidates for party office, and politicians can no longer hand out offices for personal rewards and services. This has produced a marked change for the better, as evidenced by the era of good feeling and confidence of the people generally in the efficiency and integrity of our State administration.

All talk about the people not ruling in Pennsylvania is bosh. If they don't, why don't they? Who is preventing them? Is there a Ku Klux Klan to intimidate voters and keep them away from the polls? Does not the uniform primary law give any citizen the right to announce for any office as well as the right to cast his ballot for whom he chooses? Are the primary elections, which are conducted by law, a farce and orgie, as asserted in some quarters? Let those who are prone to believe such statements find their answer in their own elections right at home. As they are conducted, so are the others. If there is any unlawful proceedings in any precinct, the good people are to blame. There is ample legal recourse against any such illegal proceedings, and the people have it within their own hands to the fullest possible extent to absolutely control all political action in this State.

Up To The Consumer.

Modern economies may be illustrated by the old-time print, representing a king, a bishop, a soldier, and a laborer. Underneath each were the respective inscriptions, "I govern all; I pray for all; I fight for all; I pay for all." Thus it is with the consumer. Every advance in wages or in the selling price of a manufactured or farm product falls with uttering and deadly accuracy upon the consumer.

One of the recent indexes of general prosperity that has been prominently acclaimed has been the increase in wages to employes by the most of the great railway systems of the country. The Pennsylvania, the Baltimore and Ohio, the New York

Central and the other great systems as well as those operating in this section, have granted advances in wages to their men, which in itself was a good action did it stop there. But along with the advance came notice of an advance in freight rates, which will affect all consumers, those who did not get an advance in pay, as well as those who did.

In New York at a meeting of the National Association of Manufacturers, action has been taken to file a protest against an increase in freight rates as proposed by the Trunk Line Association. By the time the trunk lines and all the small roads get in their advance in rates to cover the raise in wages, which will increase freight rates on raw materials to manufacturers and on the finished products back again to the wholesalers and retailers, the consumer will be caught both going and coming.

Children's Outing.

With all arrangements completed, nothing but the weather can well intervene to make the annual school picnic anything but the success that has heretofore attended this most pleasant public feature. A fair day and the attention of the school board, the teachers and the citizens insures an outing that means much for the little ones to whom the pleasurable thrill of the occasion is a leading event. What is good about this outing is that all citizens and school patrons can participate. All who can are urged to join in the affair, and take a day of pleasure in the open. The pure air, the green grass and leafy trees will do much to renew the waste of every day plugging at home, and the annual school outing may be a family and neighborly affair as well.

ELECTRIC SPARKS

One of the joys of the baseball season is that when you mysteriously sustain a black eye, or get a bruised mark in a conspicuous place, you can work the baseball racket, rather than the old one of falling over a chair. It always seemed rather strange to

us that the man who indulges the most in booze, is one of the best workmen to be found when he chooses to work.

The earth would have been an incalculable glorious smear according to some astronomers if that comet had not experienced a sudden change of habit.

Westmoreland is planning an insane asylum. Unlike Washington county they doubtless feel it necessary to confine some of their superannuated politicians.

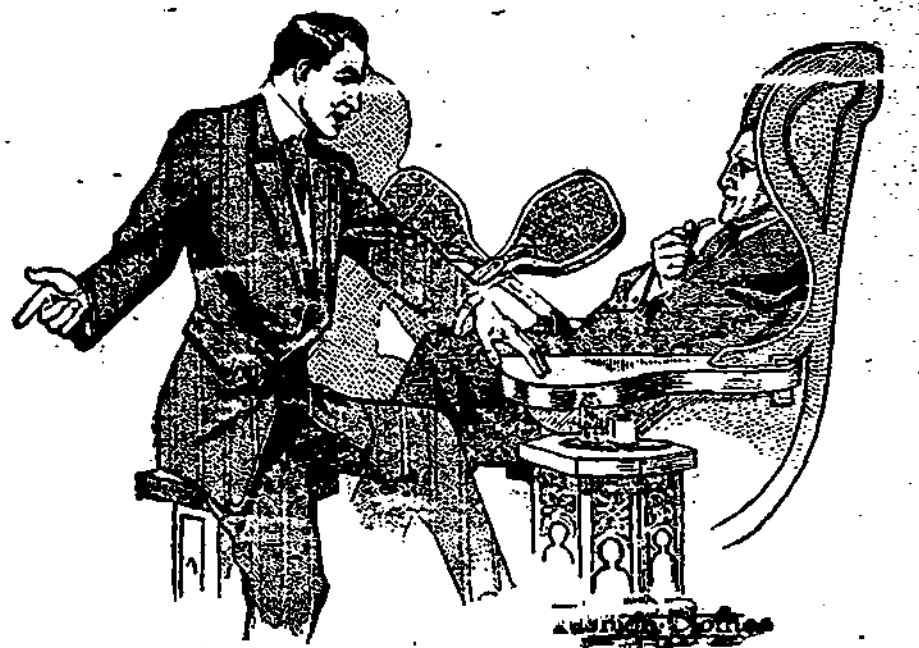

Hungarian christenings are not always altogether lovely—Courier. But a Hungarian funeral for a noteworthy event has a christening beaten to a frazzle.

NOTICE—All requests for leave of absence owing to funerals, weddings, lame back, house cleaning, moving, sore throat, headache, indigestion, etc., etc., must be handed in not later than 10 a. m. on the day of the game—Sign in a business man's office. According to that a fellow has to arrange a headache, or whatever ailment he chooses to have several hours before the game is called.

News Item—The government has decided to charge for the whiskey absorbed by the barrel staves. Uncle Sam is losing a lot of money by not condensing the breath of lots of individuals around here.

She Wrote a Postcard.

She was a country maiden, strange to the world's big show, but she wanted to see its glitter and so to the beach did go; she had never seen the ocean, so the first glimpse that she had, she hurried and bought a postcard and wrote this to her dad: "Dear Dad," she said, "I'm here at last, and I've looked far out to sea and there's lots of grand, fine buildings, but they don't appeal to me. There's an awful lot of people—and a man said, 'Oh, you kid; and he smiled and asked me to dinner, now really. Dad he did. The stores here, too, are dandy, and I looked in the window of one, where a girl was using Chinamel to show how a floor was done.' We will show you at our store in less than five minutes how to make an old dirt stained or painted floor look and wear like new at a cost of not over 2c per sq. foot. Sold by T. P. Grant.

SUMMER VACATIONS

The time is coming for summer vacations. Have you thought about yours yet?

No country on the face of the globe contains so many delightful summer resorts as the United States, with its near neighbor, Canada.

The Pennsylvania Railroad will issue its popular Summer Excursion Book on June 1, and you will find it a wonderful help in plotting out your summer trip.

It contains descriptions of about eight hundred of the leading resorts of North America, lists of hotels and boarding houses at these various places, a map, routes and rates from the principal stations on the Pennsylvania Railroad, and other valuable information.

If you have grown tired of the resort you have visited for years, you may make a selection from this book for a stay of a day, a week, a month, or the whole summer.

You may plot out an extended tour covering mountain and seashore, or a fishing trip, or a hunting jaunt, by rail or boat or a combination of both.

Any ticket Agent on the Pennsylvania Railroad will be glad to furnish a copy of this valuable book for Ten Cents, or it will be mailed you postpaid, on receipt of Twenty-five Cents, by Geo. W. Boyd, General Passenger Agent, Philadelphia, Pa.

TUBERCULOSIS TREATMENT VS. TUBERCULOSIS CURE

There is a vast difference between a treatment and a CURE. Sanatorium, Diet, and Climate "treatment" are beneficial in a way. They "moisten up" but out-
times give the consumptive the impression
that he is cured, while the disease has
really been slumbering, and soon gains
headway again, developing more rapidly.
Nature herself tries to heal, but the dis-
ease germs develop faster than Nature can
work, and the result is eventually the total
destruction of the lungs.
Consumptives first think of sanatoria
when seeking a cure. In the public mind
also that seems to be the one method. Yet
how many people do you know who have
been permanently cured by Sanatorium
treatment? Statistics seemingly fail to
enlighten on this point. Medicine as a
cure for Tuberculosis is frequently derided
by physicians and consumptives them-
selves, but when the makers of Eckman's
Alternative can produce irrefutable testi-
monials and affidavits made by those who
have been cured, few reasonable, broad-
minded consumptives will refuse to listen
to the new call of health and happiness
that is made by Eckman's Alternative.
These cured people were skeptical.
Everyone is. But if your present treat-
ment is not curing you, is it effective?
No! The disease must be eradicated en-
tirely.

Find out what Eckman's Alternative may
do for you. We refer you to clergymen,
priests, nuns—God's ministers to the sick—
whose word could not be bought for any
money.
Eckman's Alternative has cured many
cases of tuberculosis that Sanatoria had
pronounced absolutely incurable. Could
more be said?

Eckman's Alternative is good for all
Throat and Lung troubles, and is on sale
everywhere. It can also be obtained at
or procured by your local druggist.

DO IT NOW.

Charleroi People Should Not Wait Until It Is Too Late

The appalling death rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. These light symptoms give place to chronic disorders and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's disease, gravel or some other serious form of kidney complaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they cure where others fail. Over one hundred thousand people have recommended them. Here's a case at home.

Mrs. Brice Ray, 121 Prospect avenue, Charleroi, Pa., says: "I can speak as highly of Doan's Kidney Pills at the present time as when I publicly recommended it in 1907. At that time I told of the great benefit a member of my family had received from the use of this remedy procured at Piper Bros' Drug Store. On several occasions since then, the person referred to has taken this remedy with the best of results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

FOR ASSEMBLY

Republican Chairman
C. Wesley Yarnall

Dr. C. WESLEY YARNALL, of California, has formally announced himself as a candidate for the Assembly on the Republican ticket at the Spring primaries, and from now on proposes to make an aggressive campaign in favor of his candidacy.

Dr. C. Wesley Yarnall is the son of Rev. J. V. Yarnall, of Claville, Pa., in 1860. His early education was obtained in the public schools of the county and the Normal School of California. Later he moved and taught school, which enabled him to take a three-year elective course at Allegheny College, Crawford county, Pa., in preparation for medicine. Finding himself in no financial condition to enter a medical college at that time, he entered the Railway Mail Service between Pittsburgh and New York for six years, earned enough to enter Jefferson College, Philadelphia, Pa., graduating in the class of 1890. He then engaged in the practice of medicine in Roscoe and Ballsville, Pa., until 1899, when he took a post graduate course at the Post Graduate College, of New York City, and in the fall of the same year he resumed practice in California, where he is at present located. The doctor is one of the oldest members of the I. O. O. F. of this district and belongs to several other fraternal organizations. Lately he has been active in organizing the F. O. E. and L. O. O. M. leagues. He has been an active Republican during his political life, and he says that he supported nine out of every ten of the successful candidates for office during the past twenty-five years. A return of this favor will be very much appreciated. The doctor also intends to make an active canvass and asks the help and support of all his friends and also promises in return to work for the best interests of Washington county. His platform is brief, progressive policies, approved by the Republican organization, beneficial to the greatest number of people in the county and State.

If nominated and elected I am in favor of personal regulation, and better election laws.

I am in favor of the New School Code when perfected and the highest Educational Standard for our Public School System.

I am in favor of the principle of Home Rule, and am against any measure on any subject that does not come clean, shows equity, and maintains justice to all parties concerned.

I am against graft and opposed to bossism in any shape it may appear, and in favor of clean political activity on the part of our leaders.

I am in favor of every honest dollar in our land, and in favor of every honest effort of labor in all classes, to better her condition and to receive the just increase for her toil that is coming to her.

I am in favor of a Road Law that will set aside a part of each year's road tax and compel the use of the same for permanent Road Improvements according to fixed plans and specifications.

I am a Roosevelt Republican, and it was my duty as well as a privilege, to become acquainted with him while he was at the head of the Civil Service Commission in the 80's.

I believe the principles and policies he has given us as applied to Borough, Township, County and State government, will better our condition, and I am an enthusiastic supporter of the progressive policies for which he stands—a square deal to all, and that the rights of the people shall be observed.

Yours truly,

C. WESLEY YARNALL.

THIRD OPERATION PREVENTED

By Lydia E. Pinkham's Vegetable Compound

Chicago, Ill. — "I want to tell you what Lydia E. Pinkham's Vegetable Compound did for me. I was so sick that two of the best doctors in Chicago said I would die if I did not have an operation. I had already had two operations, and they wanted me to go through a third one. I suffered day and night from inflammation and a small tumor, and never thought of seeing a well day again. A friend told me how Lydia E. Pinkham's Vegetable Compound had helped her and I tried it, and after the third bottle was used — Mrs. A. M. L. SPERLING, 1408 Cleveland Ave. (Chicago, Ill.)

If you are ill do not drag along at home or in your place of employment until an operation is necessary, but build up the female system and remove the cause of those distressing ailments. Lydia E. Pinkham's Vegetable Compound made me feel like a new woman. It has been the standard remedy for female ailments, and has cured many who have been troubled with inflammation, irregular menstruation, bearing-down pains, backache, bearing-down feeling, flatulency, indigestion, nervousness, or nervous prostration. Why don't you try it?

How to Prevent Gray Hair.

When gray hairs first begin to appear, prompt action should be taken to nourish the scalp and prevent their further growth. Regular brushing, massage, and occasional shampooing help to prolong the vitality of the hair and preserve its natural color. But it is also essential that these methods be used with the most effective preparation for this purpose. The fact that it has held its great popularity for nearly a quarter of a century is proof that this scientific preparation does the work to the entire satisfaction of users. All reliable druggists recommend it and sell it in 50 cent and dollar bottles or it can be purchased from the manufacturer, Philip's Specialties Co., Newark, N. J., U. S. A.

PLANT BAROMETERS.

The Dandelion, Clover Leaves and the Scarlet Pimpernel.

The Dandelion is a plant which is one of the commonest and most reliable. It is when the blooms have seeded and are in the fluffy, feathery condition that the weather prophet faculties come to the fore. In fine weather the ball extends to the full, but when rain approaches it shuts like an umbrella. If the weather is inclined to be showery it keeps shut all the time, only opening when the danger from the wet is past, such as the Chicago Tribune.

The ordinary clover and all its varieties, including the trefoil and the shamrock, are also barometers. When rain is coming the leaves shut together like the shells of an oyster and do not open again until fine weather is assured. For a day or two before rain comes their stems swell to an appreciable extent and stiffen so that the leaves are borne more upright than usual. This stem swelling when rain is expected is a feature of many flowering grasses.

The buggers of which the leaves of the horse chestnut are made up keep their leaves closed when the weather is likely to continue. With the coming of rain, however, they droop as if to offer less resistance to the weather. The scarlet pimpernel is nicknamed the "poor man's weather glass" or wind cope and opens its flowers only to fine weather. As soon as rain is in the air it shuts up and remains closed until the shower or storm is over.

HOTEL CELLS.

The Difference Between Them and Those of the Jails.

The chief difference between the average hotel cell and the average prison cell viewed from the standpoint of social psychology, is that one is locked on the inside to keep outsiders out, while the other is locked on the outside to keep insiders in. The occupant of the hotel cell is afraid that something will be done to him or that something will be taken from him by some one who ought to be in a prison cell. That is the theory of it.

"Lock your door and leave your valuables at the office," cautions the obliging innkeeper. "If you had valuables you wouldn't be here," observes the witty prison keeper. That is to say, the question of valuables seems to enter largely into the matter.

It is not easy to have a civilization which considered valuable only those things which could not be stolen, such as mental and moral equipment, skill and good fellowship. Then we could be a little more sociable. We could talk to each other without buttoning our coats or feeling for our diamond studs every few minutes. Then the man who willingly secluded himself in a stuffy hotel cell could be locked in and made to stay there on the ground that something terrible was the matter with him. —Success Magazine

The Eye of a Child.

Who can explain orathom the wondrous instinct of the child? Lying in the arms of its nurse in its carriage or elsewhere its large, round, wondering eyes roam over a sea of faces till suddenly its features break into a sweet smile a baby laugh dances in its eyes, perhaps the tiny hands are extended, and the little body gives a bound as if it would throw itself through space. What has happened? It has recognized a friend, nothing more and no less. It makes no mistake. Wiser, perhaps in that moment of instinctive happiness than it will be years afterward, when the world and its inmates have been studied in the light of instruction and experience, its love is seldom if ever mistakenly directed. By what subtle influence does it see and know what in a few years it may strive in vain to discern?

The Onion Dodge.

"Incredible as it may seem," said the detective, "there are many shoplifters who steal by the agency of the onion. These men, before setting out upon their contemplated crimes eat of raw onions abundantly. Then they stroll into the silversmith's or the haberdasher's or the jeweler's that they propose to rob.

"Show me those large solitaires surrounded with pigeon blood rubies, please," says the jewel thief.

"The clerk brings forth the tray of gems and bending over it, the thief gazes with admiration. His face close to the clerk's, he sighs again. And the clerk's nostrils quiver and he turns away his head. The inspection of the diamonds continues for some minutes. Throughout it the thief keeps breathing hard, the clerk keeps turning his head away, and hence it is no wonder, at the day's end, that a couple of costly bugs are missing." —New York Press.

Where Women May Not Pray.

In some parts of the world the women are not even allowed to pray. Certain Hindoo congregations deny their women this privilege, and among the Ainus women can pray only in very rare cases as the deputies of their husbands. The natives of Madagascar, however, stretch a point and permit their women to intercede with the powers of evil, but prayer to their spirits is still a masculine prerogative.

Expensive.

"Yes," said the young wife proudly, "father always gives something expensive when he makes presents."

"So I discovered when he gave you away," rejoined the young husband. —Exchange.

AMONG THE THEATERS

The Grand—Pittsburg.

The Grand's program for the week beginning Monday, May 23, will bring to Pittsburg an aggregation of international favorites. Molly Rayn, the sweet singer of Irish songs, is one of the particularly brilliant features. Her American vaudeville debut was made at the Grand Opera House, Pittsburg, three seasons ago. So great was her success that she was invited to a private audience with former President Roosevelt at the White House and there by his request she sang "The Wearing of the Green."

The De Haven Sextet, a quintet of dashing young girls and a dapper young man, will present a dancing operetta entitled "The Understudy." Sidney C. Gibson is the comedian. The girls are pretty, graceful, sing well and are in their natty costumes. Elsie Fay and her boys will be seen in "The Act Dandy." Miss Fay's associates are Joe Hiller and Sam Weston. Armstrong and Clark will give their original drawing room entertainment. Mr. Clark proceeds at the piano, while Mr. Armstrong sings negro songs. Ha Grannon, a singing comedienne, will deliver a group of character songs. Charles Kenna is the monologist of the bill. His characterization is that of a street fakir whose peddling nostrums guarantee to cure all the ills to which flesh is heir. "The Nightingale's Courtship" is the title of a specialty that will introduce two foreign celebrities, the Perma Brothers. Made up as pierots, with exaggerated noses and ears, which light up by electricity, they simulate the sounds of nightingales in a love duet. Various other specialties and moving pictures play comprise the Grand's offering.

The Hippodrome—Pittsburg

Pittsburg's great Hippodrome opens its second season on Forbes Field Monday evening, May 30. On the same evening the first of the Hippodrome company's outside enterprises will be launched in Cincinnati and at subsequent dates Hippodromes will be opened in Boston, St. Louis, Indianapolis. This gives the Hippodrome company an extensive circuit, which will enable the management to secure the best attractions in Europe, American and the Antipodes. Performances will be given every evening when the Pittsburg baseball club is at home as well as when it is away and for the larger part of the time there will be matinee performances on Wednesdays and Saturdays. It will embrace two elevated stages and an elevated circus ring. They will be located just without the baseball "diamond" and by their arrangement will permit a perfect view from any part of the vast grand stand. The system of lighting, which was the subject of so much commendation last year, will be improved upon also.

There will be something going on in the ring and on both stages at all times. An aggregation of clowns, the drollest, wittiest and most ludicrous comedians of the sawdust arena, has been engaged; Europe will contribute some great and hitherto unknown novelties; trained animals will be exploited: acrobats, gymnasts, ground and lofty tumblers, aerialists, equestrians, Indians, cowboys and all the stars of Hippodrome and circus life will be introduced from time to time.

The celebrated pyrotechnical expert, Conti, has been engaged for the entire season and will give the most elaborate exhibition of fireworks America has ever witnessed. Nirella's Fourteenth Regiment Band, augmented for the Hippodrome season, will give a concert preceding the performances each evening and will play when the acts are being presented.

It is the intention of Manager Harry Davis to conduct the Hippodrome on the same liberal plan which made it last season the most pronounced success in the history of amusement enterprises. Forbes Field, with its magnificent grand stand, will be a blaze of light every night. 10,000 of its seats will be sold at 10 cents each, while the reserved seats will be held at 25 cents. The enormous capacity of the grandstand and the extraordinary booking arrangements made as a result of the extension of the Hippodrome into other cities, will enable the management to eclipse the splendid records of its first season.

If You Have It, Read This Letter. Mi-o-na Is Guaranteed.

"I was taken last August with a severe stomach trouble. The doctor said it was nervous dyspepsia. I took his treatment four weeks, but did not feel any better. I took everything I heard of. The first day of December, 1908, I got a box of Mi-o-na. I took them that afternoon and the next day and haven't had one bit of pain in my stomach since 2nd of December. I took five boxes. Feel well now, and sleep good—Mrs. M. E. Maxfield, R. F. D. 2, Avoca, N. Y.

An Expert Opinion of Skin Diseases.

A prominent, national expert on skin diseases whose name you are familiar with says that in all his scientific experience he has never found so hard a disease to conquer as Eczema. Yet he does not hesitate to recommend ZEMO as a most successful remedy for the treatment of Eczema, itching skin diseases, dandruff, pimples, blackheads and all other diseases of the skin and scalp. He says that not only does its curative qualities make it popular but also the fact that it is a clean, liquid remedy for external use, a great improvement over the old style greasy salves and lotions which are not only unpleasant to use but do not destroy the germ life that causes the disease. ZEMO draws the germs to the surface and destroys them leaving the skin clear and healthy. Can be used freely on infants. Mr. Piper will gladly supply those who call with a free sample bottle of ZEMO and a booklet which explains in simple language all about skin diseases and how to cure yourself at home with ZEMO.
